

## Won't Stop

D-Pryde

Now I-I-I-I, See them comin', yeah  
They wanna see me down but I won't stop  
They want me in the ground man I won't stop  
Till I'm dead man I won't stop  
I-I-I-I, See them comin', comin'  
They wanna see me down but I won't stop  
They want me in the ground man I won't stop  
Till I'm dead man I won't stop  
Nooo

I've grown to no successes and easy coming  
Climbing higher as I raise it's hard to see the summit  
These other dudes hate the haters but for me it's nothin  
I know I'm great I'm stayin' positive through weak assumptions.  
They just told me success will never just come  
But to me I keep grinding cause I be second to none.  
I'm that angry little kid cause his father left both his sons.  
And I do it for my place cause I be destined for one.  
I'm boxing in the ring got my mind set on one thing,  
The top and when I'm here you are not saying a thing.  
This is my spot, so call me the underdog or the rookie  
Or the kid who stands up for the people who have been bullied  
Together we march stronger,  
Cause even when we see ground we get back up cause we're used to  
being beat down.  
Just know that you messing with me is silly,  
But it's hard when you're pressured to make a milli.  
It's hard trying to redeem this asian place up in the industry,  
The past is history and this racism sickens me  
And I don't need punchlines or similies or swear words to show  
you no rapper will ever freak with me  
I'm never getting scars from your hurting ways  
Sticks and stones break bones I'm an invertebrae  
Even when they're expecting me to give  
Up I know my legacy will live, ya hear me

Now I-I-I-I, See them comin', yeah  
They wanna see me down but I won't stop  
They want me in the ground man I won't stop  
Till I'm dead man I won't stop  
I-I-I-I, See them comin', comin'  
They wanna see me down but I won't stop  
They want me in the ground man I won't stop  
Till I'm dead man I won't stop  
Nooo
