

Enough Is Enough

D:Ream

I remember you
And how you plan to make me blue
I've been in love before
What the hell do you take me for

Stealing all my freedom
I'm wise now
To take this punishment right up
I love you forever
But then these feelings are never

Enough is enough is enough
I can't depend on you baby, yeah, no, no
Enough is enough is enough
I can't depend on you

I forgive
I do not plan to forget, no
No remorse
And no regrets

Leaving you your pride now to swallow
And drink the pain out of this cup
The taste is a lesson in bitter feeling, is never

Enough is enough is enough
I can't depend on you baby
(I've had enough, I've had enough, I've had enough, I've had enough)
Enough is enough is enough
I can't depend on you
(I've had enough, I've had enough, I've had enough, I've had enough)
Enough is enough is enough
I can't depend on you baby, no, no, no
(I've had enough, I've had enough, I've had enough, I've had enough)
Enough is enough is enough
I can't depend on you

Time to take a moment
Time to take a moment
Time to take a moment
And what do I see
Time to take a moment
Time to take a moment
Staring at the hourglass, what do I see
Picture of a broken man
Crushed the glass into his hand
Injured by the tide of sands that slip away

Angry lover so lonely
Don't try to control me
I've just been betrayed by you bastard, it's never

Enough is enough is enough
I can't depend on you baby, no, no, no
Enough is enough is enough
I can't depend on you
Enough is enough is enough

I can't depend on you, baby
(I've had enough, I'm giving up, I've said enough, I've said enough)
Enough is enough is enough
I can't depend on you, oh
(I've had enough, I've had enough, I've had enough, I've had enough)
I've said, I've said, no

(I've had enough, I'm giving up)
(I've said enough, I'm moving on)
(I've had enough, I'm giving up)
(I've said enough, I'm moving on)
(I've had enough, I'm giving up)
(I've said enough, I'm moving on)
(I've had enough, I'm giving up)
(I've said enough, I'm moving on)

(I've had enough, I'm giving up)
(I've said enough, I'm moving on)
(I've had enough, I'm giving up)
(I've said enough, I'm moving on)
(I've had enough, I'm giving up)
(I've said enough, I'm moving on)
(I've had enough, I'm giving up)
(I've said enough, I'm moving on)

(I've had enough, I'm giving up)
(I've said enough, I'm moving on)
(I've had enough, I'm giving up)
(I've said enough, I'm moving on)
(I've had enough, I'm giving up)
(I've said enough, I'm moving on)
(I've had enough, I'm giving up)
(I've said enough, I'm moving on)
