

Funk U Up

D:Ream

Funk you up, funk you up, funk you up
I'm gonna
Funk you up, funk you up, funk you up
I'm gonna
Funk you up, funk you up, funk you up
I'm gonna
Funk you up, funk you up, funk you up
I'm gonna

Funk you up, funk you up, funk you up
I'm gonna
Funk you up, funk you up, funk you up
I'm gonna
Funk you up, funk you up, funk you up
I'm gonna
Funk you up, funk you up, funk you up
I'm gonna

Give me your sex
You're driving me out of my head
You're an addiction and I want you here in my bed
So come on over to me
I can never get enough
Well, we can get dirty or maybe we can make love

I'm gonna funk you up (You look so sexy, so damn sexy)
We gotta get it on (You look so sexy, so damn sexy)
I'm gonna funk you up (You look so sexy, so damn sexy)
We gotta get it on

Funk you up, funk you up, funk you up
I'm gonna

Give me that look that makes me want you so much
You got me hooked, you got the magic touch
Cold sweat
My body's burning with desire
I got the fever
So, don't you put out the fire

I'm gonna funk you up (You look so sexy, so damn sexy)
We gotta get it on (You look so sexy, so damn sexy)
I'm gonna funk you up (You look so sexy, so damn sexy)
We gotta get it off (You look so sexy, so damn sexy)

I'm gonna funk you up (You look so sexy, so damn sexy)
We gotta get it on (You look so sexy, so damn sexy)
I'm gonna funk you up (You look so sexy, so damn sexy)
We gotta get it off (You look so sexy, so damn sexy)
