

# Hold Me Now

D:Ream

The city's getting louder  
It's hard to be heard  
People on the streets speaking through megaphones, yeah, yeah  
The book of faith don't mean anything  
So full of prophets it loses all the meanings that we love to hate

Take my hand  
I'll show you hell where love is lost  
Look to the sun in the sky that we can see  
Shining on down, come shine on me  
There's more to life than your movieland  
Switch off the screen and reach out with your hands, yeah

Hold me now (reach out, go reach out)  
Till the feeling grows stronger (yeah, yeah, yeah)  
I can't help the way I am  
I'm just an ordinary man  
Hold me now baby, yeah (reach out, go reach out)  
Hold me now

Meanings all about truth and hate  
Enlighten me  
Heaven walks in and the humans race  
The lack of faith is bleeding dry  
Tears the heart from me and leaves my soul to die

Take my hand  
I'll show you hell where love is lost  
Look to the sun in the sky that we can see  
Shining on down, come shine on me  
There's more to life than movieland  
Switch off the screens and reach out with your hands

Hold me now (reach out, go reach out)  
Till the feeling grows stronger (yeah, yeah, yeah)  
I can't help the way I am  
I'm just an ordinary man  
Hold me now, yeah, yeah, yeah (reach out, go reach out)  
Hold me now

And when you get to feeling down like it's all over  
Circle your life to find it's only just begun  
Cynics say a generation's just daydreaming  
Well if I am, I turn my face up to you, yeah

Hold me now (reach out, go reach out)  
Till the feeling grows stronger (yeah, yeah, yeah)  
I can't help the way I am  
I'm just an ordinary man  
Hold me now (reach out, go reach out)  
Hold me now  
(Reach out, go reach out)  
Hold me now  
(Reach out, go reach out)  
(Reach out, go reach out)  
Hold me now  
(Reach out, go reach out)

(Reach out, go reach out)  
Hold me now
