

Make Love Cool Again

D:Ream

Been so much hatred going on around the world today
And that's still what's goin' on
With every struggle it's so hard to find the words to say
But there's sanity in song

We all bleed the same the colour
There is no they or them or others
Dance to the beat of a single heart
There is a place we can go, we can make a start

Gotta make love cool again
Gotta make love cool
Make love cool again
Gotta make love cool again
Gotta make love cool
Cool again
Gotta make love rule again
Gotta make love rule
Make love cool again
Gotta make love rule again
Gotta make love rule

Well
When every sign you see points to no tomorrow
And it's like you've lost your way
Forever searching for the path to follow
Well, love can save the day

We are born of a Universal Mother
Like family, gotta learn to love each other
Dance to the beat of a single heart
There's a place we can go we can make a start

Gotta make love cool again
Gotta make love cool
Make love cool again
Gotta make love cool again
Gotta make love cool
Make love cool
Gotta make love rule again
Gotta make love rule
Make love cool again
Gotta make love rule again
Gotta make love rule

Is it fantasy, a brand new dawn?
If we dance and sing to bring it on
That together we will come of age
And divided we won't see the change?

Gotta make love cool again
Bringing it out of the shadows
Gotta make rule cool again
Bringing it out of the shadows

Gotta make love cool again

Gotta make love cool again
Gotta make love cool
Bringing it out of the shadows
Gotta make love cool again
Gotta make love cool
Gotta make love cool again
(Is it fantasy)

Gotta make love cool again
