Do you understand to get the tan
You just gotta gotta be here man?

It's just like home except with sun
All the freaky people here are out to have some fun
Let me hear you make some noise
Here's to all the golden girls and boys

She's posting selfies from Ibiza
On her Instagram
Have you seen her?
Snapchat n' Facebook n' Tik Tok
Who cares what they say 'coz we rock
Here
The party never ends
She's posting selfies from Ibiza

After a long night on the town
We're just hanging out and chilling down

Just like back home but lots of sun
Everyone is out there looking for someone
Let me hear ya make some noise
Here's to all the gorgeous girls and boys

She's posting Selfies from Ibiza
Checks her Instagram
Wish you were here
Hot tubs, bodies and night clubs
I want one, you got one? You're welcome
Here
The party never ends
She's posting selfies, here, in Ibiza

Come on, come on, jump in, the water's fine
Come on come on, dig in
Let's have more wine
While we still got time
For dancing...
