

# Sleepy Head

D:Ream

Listen, you don't listen  
You won't listen, you just don't  
Sleepy head, sleepy head  
Get out your bed, pillow head  
Break from under  
Sleepy head, sleepy head  
Get out your bed  
You lazy so and so

Wake up  
I can tell you've been dreaming  
Long into the night  
Deaf to the loudest cries  
Dead to the world  
Arise to the light  
Wake up into the light

Step into the light  
Step into the light

Step into the light  
Step into the light

You don't have to be afraid  
Come past the barricade  
Wake up, you'll be amazed  
You'll be ok

Wake up into the light

Step into the light  
Step into the light  
Step into the light  
Step into the light  
Step into the light  
Step into the light  
Step into the light  
Step into the light  
Step into the light  
Step into the light  
Step into the light  
Step into the light  
Step into the light  
Step into the light  
Arise into the light

Come on, it's time to go

Wake up  
I can tell you've been dreaming  
Long into the night  
Deaf to the loudest cries  
Dead to the world  
Arise to the light  
Wake up into the light
