

# Universal Mother

D:Ream

Into the arms of my Universal Mother  
I lay my head down on her sweet breast  
There I am held like I've never been a stranger  
Succoured and warmed  
I am reborn  
I am reborn

Struck by the hand of my Universal Mother  
There is no harm  
No, it's just the might of her arm  
There I am taught all of life's lessons  
In this instruction  
I am reborn  
I am reborn

There she comforts me in a photograph by the Christmas tree  
There she runs to me when broken glass cuts my knee  
There There There

The beat of the heart of my Universal Mother  
The rhythm is warm just like her embrace  
And in her eyes I can never be a failure  
Blood of her blood  
Flesh of her flesh

There she's fixing me through a polo neck when I just can't see  
There she gives me gee when the playground boys have bullied me  
There there there
