Shout out shout out johnny dang  
I just got more ice  
Feel like Jesus with this 40 I'm a take your life  
And I gotta keep it still because the streets ain't right  
Out here boolin with the mob  
And it ain't nun nice and it ain't nun nice ain't no nice  
If I see it I'm a buy it baby fuck the price  
We got all the guap like we just did a heist  
I've been in the field where there ain't nun nice

And I've been moving pints daily I got the crack like the 80s  
All of this jewel that I'm drippin I'm drown baby can u save me  
I'm just tryna due my best  
Barely been getting no rest  
And I've been working so hard in the stu I gotta be on top  
Just got a new thot  
And she giving out top  
Just got a new check but it ain't enough because I need a lot  
Can't put my trust in you no more cause you gon fold  
My hearts cold, my dead soul  
I've been waiting way too long  
I'm too high leave me alone  
And she say she loves this song  
I just sent my location so let's get it on  
Blowin up my phone  
I've been serving hard  
Not no fentanyl  
Just give me the call  
I'm gon get it all  
I'll kill you for this brick  
So don't get involved
