I wanna know why they goin' out sad (Goin' out sad)
They claim they get to that bag (Get to that bag)
They hate me, don't want me to last (Want me to last)
In the jungles in the Jag' (In the Jag')
I put my Glock in her bag (Glock in her bag)
Too turnt, I got 'em mad (I got 'em mad)

When it all falls down, who do you call?
How did you find the shit that you wearin'? Don't shop at the mall
Diamonds gon' blind you, if you like to stare, don't look for too long
I wanna get high and be by myself, just leave me alone (Woo, come on)

Yeah, I'm poppin' this shit 'cause I'm him
I'm geeked up like Invader Zim (Yeah)

So slimy, I shoot out a Benz
I got some shooters, they ready to spin (Grtr)
Free all the dogs in the pen', ugh
I'm off probation, now who got a switch?
Whenever I slide, they screamin', "I'm hit"
Double down gang, put a dub on my wrist
Young rich nigga, want money, that's it
Don't ask 'bout my money, just suck on my dick
Play with the gang and get popped like a zit
