I know that shit don't come easy
I get them bands on the breezy
Molly, got fish in the fiji
I know that them drugs will not leave me
Try me, my niggas start squeezing
Pressure got me hardly breathing
Niggas want beef every weekend
30 round load up that CZ
I know that shit don't come easy
I get them bands on a breezy
Molly, got fish in the fiji
I know that them drugs will not leave me
Try me, my niggas start squeezing
Pressure got me hardly breathing
Niggas want beef every weekend
30 round load up that CZ

Whatever you do, just don't forget about me
Know I believed in you, I hope you believe in me
.38 with the beam
Don't think about leaving me
You counting this green with me
Yeah nigga you counting this green with me

Hittin' jugs, hittin' stains, who gone scheme with me
Who gone lean with me
I be up off that lucid dream
Bad hoe, and I know she love these ksubi nudie jeans
Bad hoe
What you contemplating on
Don't scheme on me, don't plot on me, don't contemplate on me
Don't count my knots with me
I can't tie no knot, hoe I just want knots all on my jeans
Falling on my jeans, picking up that green and throwing green
Young nigga, I just came to flex, hoes love the bling

Red beam with a dot
