Girl I miss you
Want to kiss you
You know these bitches walking in got no shit on you
I bought it off the lot, I drop the top, my Bentley coupe
Dodging all these hoes, what the fuck, I'm too into you
You know I did some things, I'd never do to you
Watch the wrist work, watch that Glock spit
Pussy niggas tryna be me but they not
They don't even know your name up at Saks Fifth
In the Beamer switching lanes with my lil bitch
She want to fuck cause my wrist
She want take a lil bit
Hit that lil hoe with the dick
Drop a couple bands, I'm feeling too rich
She want to kiss on my neck
VVS all on my
