

Everything Freestyle

D Savage

I want everything
I need everything
Can't stop juggin til
My watch and diamonds
Fuckin bling
Red on everything
Murder everything, aye
Don't listen to these niggas bro
Just trust your instinct
29 gunnin
And we'll make you ears ring
The only thing that I care about
Is money and my team
My brothers dripped in red
Why am I not dead
I don't fuck with you

I want everything
Where do I belong
I can't feel myself
Doing too much drugs
Yeah I need some help
I am too alone
Aye, and I don't have nobody
Niggas want some smoke
That's 250 for the shotty
Upstairs with the gang
But them hoes in the lobby
I'll shoot up your house
I'll shoot up your party
Xans all in my body
They make me more rowdy
Took your shit, and all your packs
And I made you say sorry

Xans all in my body
Xans all in my body
Xans all in my body
Let that opp wanna try me
I got xans all in my body
Xans all in my body
Xans all in my body
Let that opp wanna try me, yeah

I want everything
I need everything
Can't stop juggin til
My watch and diamonds
Fuckin bling
Red on everything
Murder everything, aye
Don't listen to these niggas bro
Just trust your instinct

Sasuke world gunnin
We'll make your ears ring
The only thing I care about

Is money and my team
My brothers dripped in red
Why am I not dead
I don't fuck with you
Hey, I want everything
You don't understand
How to get them bands
40 in my hand
In the back of the van
Drove up to your crib
And shot up your fuckin mans
Nobody could do it
But, D Savage can
You niggas tried to jump me
When I was a back pan
But I'm strapped up now
Let that shit happen again

You should know how it go
10 for the show
Xans for the low
QP that's a four
Ooh wee, smokin dope
In the whip to the face
Give a fuck bout a case
Tryna get my head straight
While all you niggas hate
Cause you niggas can't relate
To the fuckin struggle
That we go through everyday
But I gotta stay safe
So, um, fuck a strap
My hearts wants to die
Whenever I think bout Jack
