

## How I Got It

D Savage

I just love flexing it to get it how I got it  
Stacks up in my pocket, your broke ass need to stop it  
Counting too much money, it can't fit in my wallet  
New fit I'm bout to cop it, you pussy niggas not bout it  
Loading up that Glock, if it's on, then it's on  
Getting [?], then she throat all night long  
You niggas hit me up, your bitch know the words to my song  
I been working lately, tryna stretch and make my money long

Do it for my gang  
Yeah, I do it for my gang  
Yeah, I do it for my moms  
Yeah, I do it for my gang  
I said I do it for my gang, I said I do it for my gang  
I'm a real nigga, I can never switch up, fuck the fame  
Niggas wanna kick it with you when you got some money, they some lames  
Foreign hoes, they imported  
Make a movie, record it  
My chain, you can't afford it  
Light up a wood and let's get high  
Sake World Forever til I die  
Niggas talk down on me, man they lie

I just love flexing it to get it how I got it  
Stacks up in my pocket, your broke ass need to stop it  
Counting too much money, it can't fit in my wallet  
New fit I'm bout to cop it, you pussy niggas not bout it  
Loading up that Glock, if it's on, then it's on  
Getting [?], then she throat all night long  
You niggas hit me up, your bitch know the words to my song  
I been working lately, tryna stretch and make my money long
