D Savage

I know  
Niggas love to talk, love to hate, like a bitch  
But nigga, that's okay cause Sake World is gettin' rich  
Yo' gang full of faggots, I can't rock with yo' clique  
It's a dog eat dog world, nigga I'm a fuckin' pit  
Yellow diamonds, dirty piss, styrofoam, dirty mix  
Don't hit me up if you pussy niggas ain't on no shit  
I see you flexing gear that I like, hit a lick  
All the thotties at my show, come back stage if you thick

A demon sittin' on my shoulder  
Hoes wanna fuck cause a nigga glo'd up  
The OG gas be my odor  
29, ice cold, neck polar  
God damn I love stuntin', hoes fuckin' for nothin'  
I started with nothing  
SD get to bustin'  
Play your part, and just do what hoes do  
Fuck up out my face if I don't fuckin' know you  
Mama raised a beast  
All my niggas eat, all my niggas feast  
Dump a body in the street  
To all my haters, I'll leave a nigga deceased  
Don't you fuck with me, hey, don't you fuck with me  
All my money, count it up  
Walk up to the spot, show me love  
Desert Eagle with the 40, keep it tucked  
If you got a blunt, then light it up, light it up

I know  
Niggas love to talk, love to hate, like a bitch
