

Lay Low

D Savage

Tryna lay low
Gang shit man
Cut throat shit man
Sake world shit
29 shit
Turn the fuck up nigga

I said them cops after me, I'm just tryna lay low
Tryna lay low, tryna lay low
You talkin' down up on me, you better lay low
Better lay low, ooh you better lay low
I said them cops after me, I'm just tryna lay low
Tryna lay low, tryna lay low
You talkin' down up on me, you better lay low
Better lay low, ooh you better lay low

Got your bitch on her knees and she suck me real slow
Ex bitch on my line, she keep blowin' up my phone
For my brothers I'mma ride, catch you slippin' than it's on
Rock another show, get my money than get on
Never got it like that, so I had to rob
Make my hoe sell my dope like it's her fuckin' job
Boy I'm bout that cheese, I'm bout that cheddar bob
And if the boy snatch you up, than you don't speak at all
Straight tweakin' y'all, I be straight tweakin' y'all
I mix the xans, I mix the drop, with that adderall
Fuck school, fuck college, fuck asher roth
I'm eatin' good up in Hollywood with John Ross

I said them cops after me, I'm just tryna lay low
Tryna lay low, tryna lay low
You talkin' down up on me, you better lay low
Better lay low, ooh you better lay low
I said them cops after me, I'm just tryna lay low
Tryna lay low, tryna lay low
You talkin' down up on me, you better lay low
Better lay low, ooh you better lay low

Chopper sweep him off his feet, now he got a halo
Then I dump my gun, get it by the case load
[?], said he got me for the low
But I don't trust these niggas, so my shooters on go
I said my shooters on go, make em move they blow
Cut throat at your throat, savage at your throat
Niggas tryna hang theyself, well here boy here's your rope
Made it off of dope, niggas hatin' cause they broke
But I'mma keep gettin' money
And I'mma keep fuckin' bitches
Countin' all these blue hundreds
Stayin' low from these snitches

I said them cops after me, I'm just tryna lay low
Tryna lay low, tryna lay low
You talkin' down up on me, you better lay low
Better lay low, ooh you better lay low
I said them cops after me, I'm just tryna lay low
Tryna lay low, tryna lay low

You talkin' down up on me, you better lay low
Better lay low, ooh you better lay low
