

## Lost & Found

D Savage

I was lost, now I'm found  
Chop with a suppressor, it don't make a sound  
I'm the top finesser, I'm gon' break it down  
They telling me I'm next up, but I know I'm now  
Bentley truck coupe I'mma swerve  
I tell a bad bitch shut the fuck up  
Ho' you get on my nerves  
I'm 'bout a fly with some-  
We 'bout a fly with some drank and I fly like a bird  
I leave his brains on the curb  
I just been rapping and running it up  
Shit, got my neck on "brrr"

I'mma skirt off on the jakes, I don't care  
All of this money, I do what I want  
And I know niggas ain't really gon' ride  
But I knew all of this shit from the jump  
I'm in the penthouse rolling up Runtz  
I'm in the hood with a stick in the trunk  
Say the wrong thing and I pull out and dump  
I'm with the secret service like Trump

If you knew better, you'd do better  
Got niggas mad, my bitch badder  
These ho's don't got no manners  
Spend twenty-five on a Rolex  
I done been through hell and I ain't going back, crazy

I was lost, now I'm found  
Chop with a suppressor, it don't make a sound  
I'm the top finesser, I'm gon' break it down  
They telling me I'm next up, but I know I'm now

I tell a bad bitch shut the fuck up  
Ho' you get on my nerves  
I'm 'bout a fly with some-  
We 'bout a fly with some drank and I fly like a bird
