D Savage

(We love D. Savage)

Huh (Huh), huh (Huh), huh (Huh), huh (Huh), huh, ha

Wockhardt in my veins I got octane in my lungs  
I just hit a stain, threw one hunnid in my drums  
Bitch I run the game you can have it when I'm done  
Outside with the gang, and they shootin' shit for fun

Outside with the gang, outside with the mob  
I get bands, I was sellin' dope, I'm not crackin' cards  
Robbin what, takin' shit from who, must be smoking hard  
Said she love me, think I'm done by summer  
Tryna break my heart  
With that iron, I'm gon' punish smothing, call me Tony Stark  
You can't hide, don't you try to run, lurkin' in the dark  
Got a Uzi, and a tommy gun, it rip you apart  
New AR it came with a scope, shoot you from afar

Wockhardt in my veins I got octane in my lungs  
I just hit a stain, threw one hunnid in my drums  
Bitch I run the game you can have it when I'm done  
Outside with the gang, and they shootin' shit for fun
