D Savage

J rich you better wake up and record this one  
But you can not say I changed  
Been through a lot, bitch I've been through a lot...

I worked too damn hard I swear I worked too fucking hard  
Got my tool and got my brothers I don't need no body guard  
Had to stop and had to reflex cause D Savage go too hard  
Had to trap on the block, we kick it on the boulevard  
But you can not say I changed  
But you can not say I changed

Bitch you can not say I changed  
Hit the gas and switch lanes  
Smoke the gas, the propane  
Dope fiends want some cocaine  
Wipe your nose, wipe your nose mane
