D Savage

VS diamonds baby you know I'm dripping  
Keep that pull you know I'm never slippin  
To many hoes my momma think I'm pimping  
To many cups forgot which one I'm sipping  
I just got a brand new car I'm finna drop top  
You know I'm picky as fuck so my whip cost to much  
Yeah when I pull up on a op still they were so surprised  
Yeah chopper put em up in the sky tell me you ready to die

Yeah change in yo bitch that's my favorite  
She says she loves my fragrance  
So I turned her to my main bitch  
Yeah she ready to fuck  
She calling my phone  
She wanting on me, yeah she loving the drip  
Double the Cs and double the Gs  
I keep a glock on my hip  
If I see something I dip  
Get in that pussy and dip  
U niggas ain't really on shit  
I'm in the kitchen with a brick  
You and yo partner get hit  
Nigga ain't nobody safe bitch

Momma always told me gotta crawl before you walk  
So I'm with the homies slidin on you in the dark  
I had to go and get some money because it ain't that hard  
Now I'm ballin hard, my whip push to start  
Yeah my diamonds feel like perfect timing, bet I change the climate when I walk in this bitch  
Oooo the way she touch her toes and I'm fucking foreign hoes and I'm rockin foreign clothes yeah I can't pronounce  
This shit yeah big bank roll came forward you already know  
Yeah my neck is froze  
And I keep a roll  
I just did what needed to be done  
And that's all I know cooking up  
On the stove need another loaf
