I came from nothin', lil' bitch, now I'm somethin', lil' bitch

I'm on top of the world, lookin' down on this shit (uh, uh)

I been geeked up out my mind, like, how high can I get? (High)

I done smoked my love away (ah, ah, woah)

You say you're not here for my money, but I know that you are (uh, uh)

If you don't got nothin' to serve, then get out of my car (yeah, uh, uh)

Better not look like a nerd 'cause you're gonna get robbed (yeah, yeah)

I put my life in my raps

I feel like everybody cap

AR came with a scope (yeah, yeah)

I fucked your bitch on a boat (yeah, yeah)

Buss it open, baby, go (ayy)

I wanna fuck her throat

Tell me somethin', let me know

Stop actin' shy, I won't say it again, let me know, let me know

I came from nothin', lil' bitch, now I'm somethin', lil' bitch

I'm on top of the world, lookin' down on this shit (uh, uh)

I been geeked up out my mind, like, how high can I get? (High)

I done smoked my love away (ah, ah, woah)

I came from nothin', lil' bitch, now I'm somethin', lil' bitch

I'm on top of the world, lookin' down on this shit (uh, uh)

I been geeked up out my mind, like, how high can I get? (High)

I done smoked my love away (ah, ah, woah)

I know that she got my back (woo)

She wanna lick all my tats (woo, woo)

I wanna hit from the back

Pull up and give me that neck (woo)

I gotta throw up my set

I was geeked up when we met

I brought a stick to the 'Raq

Better freeze, you better get back (yeah, yeah)

Bitch, I'm outside, it's motherfuckin' cold

I jump in the streets and got nowhere to go

Fuck with some slimes and fuck with some zoes

They come out the cut and they take off your nose

Niggas sneak dissin', but really be hoes

I pop out the cut and only god knows

Go to the jewelry store, then bought some clothes

I got some off-white to match the white gold

I came from nothin', lil' bitch, now I'm somethin', lil' bitch

I'm on top of the world, lookin' down on this shit (uh, uh)

I been geeked up out my mind, like, how high can I get? (High)

I done smoked my love away (ah, ah, woah)
