Yeah, yeah, hey  
Yeah, yeah

You forgot all about me, switched up for the clout  
Tell these niggas get from 'round me  
I know I'm the shit, so these niggas cannot stand me  
I'm in love with my gang, bitch, 'cause that's my only family  
Try to touch my gang, and that chopper sing a melody

Opera, running from the coppers  
Hi Tec, bussin', got it from the doctors  
Phoney, fugazi, these niggas imposters  
I'm out eating pasta, I like my shrimp with lobster  
P-p-plug  
Don't put your trust in no hoe, thought you knew that  
Me and my niggas pull up, broad day, knock your scalp back  
At the bank, I got hella racks, bitch, count that  
Yeen drillin' shit, yeen 'bout that  
"Savage, baby, boy, you drive me brazy  
Getting rich and smoking dope, you been getting lazy"  
Best believe I'll never let a fuck nigga play me  
Bitch, pay me, nigga, pay me

You forgot all about me, plug, switched up for the clout  
Tell these niggas get from 'round me  
I know I'm the shit, so these niggas cannot stand me  
I'm in love with my gang, bitch, 'cause that's my only family  
Try to touch my gang, and that chopper sing a melody

Opera, there go helicopters  
Catch a body, Gucci'd down, feeling like the Wopster  
Chase the money, I get it, I'm sending shots up out the chopper  
All my niggas be with it, tango down on this mission  
We gon' scratch em off the earth, plug, to show 'em how we be livin'  
I'm cookin' up in the kitchen, baby doing them dishes  
I be shooting 223s, but I be rocking them Pippens  
I'm booted up at a show, pockets full of them rolls  
Hit a 20 band jugg, y'all ain't getting no dough  
Bag it up, sack it up, then we hitting the road  
Niggas ain't fucking with me, yeah, came with the AK  
Niggas keep fucking with me, shoot you in broad day

You forgot all about me, switched up for the clout  
Tell these niggas get from 'round me  
I know I'm the shit, so these niggas cannot stand me  
I'm in love with my gang, bitch, 'cause that's my only family  
Try to touch my gang, and that chopper sing a melody
