Mmm, mmm, mmm, mmm, mmm  
Uhh, uhh, uhh, uhh

Tell me what is you on?  
Need an AP that's two tone  
Bad bitch, she a red bone  
I'mma fuck her all night long  
And I'm smoking like Cheech & Chong  
Backwoods, I'm through the bones  
In the streets, gotta keep a chrome  
Everybody leave me alone  
Gotta stay down for the come up  
I be getting money till the sun up  
Hating ass niggas need to shut up  
Tell em' I'm next up, tell em' I'm flexed up  
Riding round in the Tesla  
And your bitch watch me like TV  
Hating ass niggas wanna be me

I be counting hella bands, hella bands, hella bands  
So much money in my pockets, falling out my pants  
I just got some new designer drip that came from France  
On the stage I hit my dance, hit that money dance  
Niggas flaw, you niggas foo  
I can't fuck with you  
I got K's on top of K's, what you wanna do?  
We could link up at my place, have a rendezvous
