

## Side - Everyday

D-Side

You know there's nothing that means more to me,  
You are perfection in my eyes,  
You know I think about you constantly,  
You take the question out of why.  
No one could ever make me feel better,  
You make all my dreams come true

Chorus

Everyday I wake,  
I wanna see your face,  
Like the sun you light my world in every way.  
Couldn't wish for more,  
Cos I got it all,  
And I hope that it will always be this way everyday.

If I had to start my life again - (ohhh oohhh oohhh)  
You know I wouldn't change a thing,  
No matter where I go or what I do - ( ohhh oohh oohh)  
You'll always be a part of me.  
No one could ever make me feel better,  
You make all my dreams come true

Chorus

Everyday I wake,  
I wanna see your face,  
Like the sun you light my world in every way.  
Couldn't wish for more,  
Cos I got it all,  
And I hope that it will always be this way everyday.

Everyday I wake,  
I wanna see your face,  
Like the sun you light my world in every way.  
Couldn't wish for more,  
Cos I got it all,  
And I hope that it will always be this way everyday.
