# Side - Pushin' Me Out

**D-Side**

Lately you've been acting crazy,
Call my number then you hang up baby
Girl what do you think's going on

No one else I want to please me
I don't know why you won't believe me
I would never do you that wrong

What we've got
Is hanging by a thread
How did you
Get this inside your head
Because of you
I'm having second thoughts
All the fear, all the doubt
Can't you see?

[Chorus:]
You're pushin me out
You're pushin me in
The position is clear
From where I'm standing
You're always talking bout love
You're too demanding
You've got your head in the clouds
Well happy landing
You know you're pushin me out

What's this you been saying bout me
About how you can't breathe without
What book are you reading today

Confused, don't know what I'm doing
Dreaming of a bed with me & you in
I should be walking away (yeah)

Me and you
We could have it all
Now our backs
Are up against the wall
It may be
A little late for us
All the time you scream and shout
Don't you know:..
