

## Better Half

D Smoke

There's no better love  
In all the stars, the sky, it falls to you  
You're the greatest love I've ever known  
You're the greatest love a girl has ever known

What we imagined, we living  
Big ballin', big body, big business  
We gon' have all we envisioned  
Big ballin', big body, big business  
(Better half)  
We don't do nothing small, must be kidding  
Big ballin', big body, big business  
(Better half)  
Six cars, five houses, four children  
Big ballin', big body, big business

Ayy, listen  
Work hard, love hard and get wisdom  
Big ballin', big body, big vision  
Mmm, I searched my soul and found riches  
Like big Marley, big Garvey, big Rivers  
Flowing, we not only, team a coalition, coexisting  
The femininity is plenty healing, needing no magician  
Hocus? No, I boast as oceans flow, we toe to toe positions  
We know this road seldom chose by those who don't know Jehovah  
It's hard to be highly involved in the public eye but still maintain love  
But we serve the creator that's greater and made us both with the same paint  
brush, uh  
So we maintain  
What could make us stop? Not a damn thing  
We just stay our lane  
And if they ask, you my better half

We be all in our bag  
They lookin' on and they mad  
Give it all, no take-backs, my better half  
We stayed down while they laugh  
We stayed grinding', they mad  
What we found, they can't have, my better half

Head down, lose count, just keep giving  
Big ballin', big body, big business  
Shoot down the stars with my ambitions  
Big ballin', big body, big business

I'll take out the trash, you do dishes  
No folly, we partners, we listen  
Your mother know that I love her daughter relentless  
Big parties, big-hearted, deep trenches  
Love is war and nothing's more important than that one decision  
Covers warm us, ovens on to heat the room, we struggle different  
Rubbers? Never, as a mother you'd be perfect, plus sufficient  
Plus I got the key, no rush, you oiled perfect, turn ignition  
Certified bad, pearly eyes looking through your curly eyelashes  
In this fight, you're throwing a flurry, high passion  
Take a flight, the wind beneath my fabric  
That's how we maintain

What could make us stop? Not a damn thing  
We just play our lane  
And if they ask, you my better half

We be all in our bag  
They lookin' on and they mad  
Give it all, no take-backs, my better half  
We stayed down while they laugh  
We stayed grinding', they mad  
What we found, they can't have, my better half

When they try to guard us, we pivot  
Big ballin', big body, big business  
Our diverse investments see interest  
Big ballin', rental property, big tenants
