

Are we flyin'? Are we lifted?  
Are we soaring against the wind, are we different?  
Are we rockin'? Are we rollin'?  
Are we doin' the shit we dreamed of indulgin'?  
Are we on, on, on, on, on, on, on, on, on, on?

Are we callin' it like we see it? Appalled at our own achievements  
Applauded by enemies and made fans of our disbelievers  
Damn, I'm a different breed, lift my hands and extend my reach  
Kiss my grandma and bend my knees, thank the Lord for the gift of peace, I'm  
Just gettin' started though (Just gettin' started though)  
One day I'll be where the dearly departed go (Departed go)  
We all got that appointment with the man upstairs  
I'm just tryna shed these layers like an artichoke  
Meanwhile I dodged the horrors of my horoscope, made it dope  
Made it out and studied like Urkel, kept my lil' Laura Winslow  
The wind blows  
In my direction, I follow well and spread my wings (Spread my wings)  
And move onto better things it brings

Ignoro lo negativo, escucho la voz adentro  
Mis padres son orgullosos, no porque hablo loco  
Solo porque su hijo da diamantes en trozos, Supa

I remember when I didn't have it all, huh (Have it all)  
Puttin' clothes on layaway at shopping malls, huh

Only need one woman when you got you a queen  
And she got her own, don't need no shoppin' sprees (Need no shoppin' sprees)  
When we converse, we talk 'bout buyin' properties, yeah (Yeah)  
Go getters, yeah, we all winners, whole crew, huh  
Gold diggers, what we said, know we gon' do, huh  
We be makin' waves until we seasick, huh ('Til we seasick)  
Lookin' 'round like, "Bro, can you believe it?" We really flyin'
