Listen

I had a long day shift  
I came here and needed some motivation  
Your family probably got ass for generations  
You got it from your mama, so mama can get it  
I don't come in religious  
But I heard you that hometown favorite  
So turn around and shake somethin' flagrant  
And if I go home with your fragrance  
Read about it in the papers, yeah  
I broke a couple hundreds to show you I'm on it  
I done worked hard for these dollars and part of the problem  
Is my job leave me feeling parched and you drippin' with agua  
Carnaval en Brazil, look like you fixin' to samba  
Mi carnal está a mi lado like Pippen and Jordan  
Or like Gasol and Mamba  
I ain't fallin' but I'm 'bout ready to empty all of my pockets, here with my  
accomplice  
Girl, if you here for dollars, consider mission accomplished

Shake that thing like you would put that whole fire out  
Stop, drop, roll 'til you can't no more (More)  
Roll, roll 'til you can't no more (More, yeah)  
Sit me down like a young nigga on timeout  
Stop, drop, roll 'til you can't no more (No more)  
Roll, roll 'til you can't no more (Yeah)

Shake it 'til you can't go  
Stretch your hamstrings, touch your ankles  
Keep your lights on, get your bankroll, yeah  
Keep your lights on, get your bankrolls, yeah  
Shake it 'til you can't go (Can't go)  
Stretch your hamstrings, touch your ankles (Ankles)  
Keep your lights on, get your bankroll (Bankroll)  
Keep your lights on, get your bankrolls

Greetings to pussy in the evening  
You make it look easy, but looks can be deceiving, uh  
Don't do it for TV, you got another reason  
'Cause ain't not another nigga gon' make sure your daughter eating, yeah  
Squats in the morning, you building and toning, uh  
Them other dancers are friendly opponents  
'Cause every client in here ridin', you see if they gon' buy a dance  
Or put they hands right where you want it  
Brain sendin' signals of serotonin  
That ass in my lap got me relaxed  
You throw it back while my big lil' homie is growin'  
Still holdin', you goin'  
Tell a nigga where it's cool to feel on you, I'm knowin'

It's somethin' liberating about escaping the house  
Forgetting the daily rigor of shit that's stressin' you out  
Got my imagination wondering and plotting about  
Whether you want this shot all on your breast or your mouth, let's get it

Shake that thing like you would put that whole fire out  
Stop, drop, roll 'til you can't no more (No more)  
Roll, roll 'til you can't no more  
Sit me down like a young nigga on timeout  
Stop, drop, roll 'til you can't no more (No more)  
Roll, roll 'til you can't no more (No)

Shake it 'til you can't go (Can't go)  
Stretch your hamstrings, touch your ankles  
Keep your lights on, get your bankroll, yeah (Get your bankroll)  
Keep your lights on, get your bankrolls, yeah  
Shake it 'til you can't go (Can't go)  
Stretch your hamstrings, touch your ankles  
Keep your lights on, get your bankroll (Get your bankroll)  
Keep your lights on, get your bankrolls
