Simple

If I get a word, the homies gon' hydroplane, yeah

If I get a word, the homies gon' hydroplane

Slide (I'm ready)

Say go

Bomb like the block, where the legos?

If a nigga hate, then it's case closed

You lookin' at the great with the say so (I'm ready)

We already got what we prayed for

Lookin' at ya watch, what you waitin' for? Listen (I'm ready)

And even after hell get a rainbow

They couldn't chip my nail with a chainsaw (I'm ready)

We burned a couple trees in they name so

They see me level up, still the same Smoke (I'm ready)

Westside, blue skies, palm trees, crew ties, maybe

Wheat bread, no jam, get grid croutons, spaghetti, uh

Humbled through the victory and even in defeat, it rain confetti, uh

But I only see defeat rarely, uh

Bomb like the block, where the legos?

If a nigga hate, then it's case closed

You lookin' at the great with the say so (I'm ready)

Say go

Generatin' guap and the pesos

We already got what we prayed for

Lookin' at ya watch, what you waitin' for?

If I get a word, the homies gon' hydroplane, yeah

Slide on a nigga, only weigh a buck sixty-five

But I'm liable to change your life

I'm big enough to lift a nigga up

If you don't like me, don't be gettin' up in my perimeter

Don't wanna fight me

I got fifty guys with shit to prove

'Nother fifty guys with shit to lose

In a jiffy, spread like Skippy peanut brain

Kimchi for that beef, don't need cocaine

1980's child, was raised in housing where pops was locked in cage and moms w
as out

Workin' late, so lights were flipped and water runs

When I bet it for 'em that's how it all begun

Severed ties with niggas with no drive

Swear they stay in park, can't get they car to run
Had to shine, feel like I bought the sun
Swear my auntie told me, "You the one"
We run when you lay low
We steady put in work like a draco
Got everyone we love on the payroll
Ready to blow the horn like Masego
I'm ready
