

Mr. Unicorn

D'Sound

Charlie was gentle to the females
He's never ever been rude, never been rude
But all along he was so lonely
Tried to be elegant to his girlfriends
And never ever did wrong, never did wrong
He was just too good to change their mood
You can diss on him
Tear him apart
But I'd like to know, have you seen his heart?
I, I am into you
So in love with your mind, baby
You've been
You've been all along
My Mister Unicorn
My man, do you wanna be the only?
I never ever been with, in love with
Do your thing, give me your feelings
What if it finally was you and me?
I'm steamy about you
So into you
You and I be changing my mind
You can diss on him
Tear him apart
But I'd like to know, have you seen his heart?
I, I am into you
So in love with your mind, baby
You've been
You've been all along
My Mister Unicorn
Something inside (Got something inside)
You make me see the different colours
Want you to know (I want you to know)
Something inside you drives me crazy
I, I am into you
So in love with your mind, baby
You've been
You've been all along
My Mister Unicorn
I, I am into you
So in love with your mind, baby
You've been
You've been all along
My Mister Unicorn
