

Sweet Music

D'Sound

You play me
You know me
I dig what
You show me
I never
Get tired listening to your sweet music

Oh, dj!
You play me
The bassline
Consumes me
I wanna get swept away listening to your sweet music
And

Oh; I'm feeling so much lighter
Oh; you take away the day
Oh; I'm feeling so much better
You play me, dj, when you play your sweet music

You touch me
You grab me
You make me
Feel happy
That I came here tonight
- listening to your sweet music

The breakdowns
The build up
Progression
- delicate!
The night has started when I hear your sweet music

Oh; I'm feeling so much lighter
Oh; you take away the day
Oh; I'm feeling so much better
You play me, dj, when you play your sweet music
