

## Let's Go!

D12

OK haters!

I said 1, 2, 3, 4, 5, 7, 8, 9, again  
Fuck counting we back, Bizzy, Kuniva  
And Swifty Mcvay, Slim shay, Proof, Denaun, again  
Back in your rear again, D-Twizzy is back again!  
Yep, yep, yep, yep, back to talk more shit  
Give you another d-d-dosage  
I said my set is dope shit  
Ya bitch, ya bitch, yes we back biatch  
I had to shout it out again  
'Cause most of y'all think we are coming back to win  
We lost 2 of my friends to some cowardly kids  
So we step back and re-evaluated our shit  
Ya, ya, I got to hit, h-high holy ghost  
Most of this shit on the radio is so, so  
I don't even know how in the fuck we supposed to go  
On and on with this whack shit  
Y'all so bore' and doll we snoring all  
I know that y'all falling off  
I know you looking at me like "Who is he to say we're falling off?"  
But y'all falling off  
Making me feel like I should crawl on all of into  
In a hole with monsters and rats and dogs and  
Y'all don't fell me  
Y'all niggas kill me  
With the same old hooks and you jewelry don't thrill me  
Ah, ah, we tryna bring it back to the booze  
We doing this shit for Proof, D-Twizzy is back in the booth, let's go!

Let's Go, Let's Go, Let's Go, Let's Go, Let's Go, Let's Go (Ha!)

Stoppin's no option, so how can you knock us, niggas  
Popular pill poppin' provocative, shotguns  
We're not what you like a lot  
Different from when we had dropped shit on you  
Isn't hip-hop shiftin' to new heights  
Ridiculous, stereotypes  
Listening and carrying white tissue  
And scared we might diss em  
They're swearing we got issues  
Glocks, knives and pencils  
They not tryna mention us  
Denaun and Bizzy, got Kuniva with me  
PROOF! never forgotten  
Eminem is the hardest  
Bugz, he got me the shot to do what I love  
Then I hopped and it went platinum plaque visions  
We action pack, prison is not where I be living  
Psychotic popping some oxycontin followed with liquor  
To drop a nigga right on the spot, tryna pretend when he is not  
They thinkin' they got it locked but ain't in a predicament to get props  
We do this for the block

Let's Go, Let's Go, Let's Go, Let's Go, Let's Go, Let's Go (Ha!)

D12, we still here, Shady Records, we still here

Don't get it twisted
