

# 11:00 PM

d4vd

It's 11:00 PM  
Open the door, let me in  
We got problems I know we can fix tonight

It's been a long day, I know, but it's fine  
I know I always show up at the wrong time  
It's 11:00 PM  
And you're mine  
It's 11:00 PM  
Close your eyes

It's 11:00 PM  
Open the door, let me in  
We got problems I know we can fix tonight

Please don't act like I owe you  
'Cause I been missin' the old you  
You did the same thing they all do  
I know I cannot control you, but

We all make mistakes and I won't hold it against you  
Is this real love or do you only pretend to?  
You think you can play me just like all of your friends do  
I won't let you

It's been a long day I know, but it's fine  
I know I always show up at the wrong time  
It's 11:00 PM  
You're not mine  
It's 11:00 PM  
Goodbye
