

## Don't Forget About Me

d4vd

Tell me it was all in your head  
Don't tell me you forgot about me  
Don't tell me you forgot about me  
Don't tell me you forgot about me

Tell me I'd be better off dead  
But don't tell me you forgot about me  
Don't tell me you forgot about me  
Don't tell me you forgot about me

'Cause I don't wanna relive this feeling of alone  
And I don't wanna keep crying on your shoulder  
Swear I thought we'd be together til we're older  
Too many thoughts inside my head, they're spilling over

Stay for me  
Can you say something?  
Take me away, baby  
But I'm holding my tongue 'cause it's over now

Tell me it was all in your head  
Don't tell me you forgot about me  
Don't tell me you forgot about me  
Don't tell me you forgot about me

Tell me I'd be better off dead  
But don't tell me you forgot about me  
Don't tell me you forgot about me  
Don't tell me you forgot about me
