

I don't ever wanna tell a lie, no  
I don't ever wanna, no  
I don't ever wanna tell a lie, no  
I don't ever wanna say goodbye, no  
But I know everything will be alright, oh  
I need you to look into my eyes, oh  
I don't wanna tell lies, woah  
I don't wanna say goodbye, no  
I don't wanna say goodbye, no  
I don't wanna to tell lies, no

One more step into my head, we breakin' up again  
And I don't understand  
I'm locked inside your chest  
I'm tryna kill you slowly, uh  
Yeah, we gon' die tonight  
Please don't cry about it  
Don't wanna live my life without you  
Hold me back, yeah  
Yeah, yeah, yeah  
It's the same thing  
Don't have to explain things  
We ain't on the same page  
I been tryna change things  
You are so impatient  
I won't keep you waiting long  
Sike, I don't care about it  
Live my life without you  
Don't need no more stress around me

Yeah, yeah, aye  
Live my life alone, got no stress at all  
Yeah, yeah, aye  
Live my life alone, got no stress at all  
Yeah
