

## Fly Away

d4vd

Fly away  
Cause I don't need you to stay  
The moon never stops shining over you  
I gotta get apart, but I cannot get through

Take me, separate me  
Take me, separate me  
From here, from here (Aye, aye)

Fly away  
Cause I don't need you to stay  
The moon never stops shining over you  
I gotta get apart, but I cannot get through

The moon never stops shining over you  
I gotta get apart, but I cannot get through
