

# For Some Time

d4vd

I've been watching  
For some time  
For some time  
Waiting for you till the night  
Till the night

Lately I've been holding you so closely  
I hear you're here --  
We wait too long  
We're moving on  
--  
Please don't fear  
But you're my --  
I don't want to hear more about your past

Come here alone  
Call me on your phone  
--

I've been watching  
For some time  
For some time  
Waiting for you 'til the night  
Till the night

We've been waiting too long  
--  
I can not wait for you  
I've been watching  
For some time  
For some time  
Waiting for you till the night  
Till the night  
Lately I've been holding you so closely  
I hear you were --
