

Ghost

d4vd

Oh, why don't you love me?
Oh, Heaven or Hell, we will meet
Lucky me, lucky me, lucky me just to have met
Torture me, torture me, torture me, I can't forget

He might have you, but I've got your ghost
And we both know that's the real you
And God knows it's true, I love you the most
But we both know what I have to do

Eyes looking right through me
Why? Why can't I hear your heartbeat?
Just a dream, just a dream, just a dream, don't wake me up
Make believe, fantasy, dance with me under the moon above

He might have you, but I've got your ghost
Have you, Ghost
And we both know that's the real you
We both know, real, real
And God knows it's true, I love you the most
God knows, the most
And we both know what I have to do
We both know, do, do

She's so happy when she's with me
Leave me in this dream
Don't be nasty let us keep this
Perfect memory

He might have you, but I've got your ghost
