

life's a dream

d4vd

If life's a dream
Then why haven't I woken up?
What do you mean?
The truth fading and the lies are all I see
Please don't hide from me
Please don't hide from me
Look in my eyes, tell me who you see
Which part of me?
Which part of me?

Ooh, ooh, ooh
(If life's a dream, if life's a dream)
