Yeah, yeah, yeah  
Yeah, yeah  
Yeah, yeah  
Yeah, yeah

I can't remember the last time that I felt this way  
I went to LA for like two weeks  
And came back to like half a milli in the bank  
I can't remember the last time that I felt this way  
Felt this way, felt this way  
I done popped a pill, I can't feel my face  
I just popped this pill just to kill this pain  
I been high off Za, might hit the ceiling  
I wonder if I'm the only one that feel this way (Let's go)  
Hop on the truck and I-  
Hop on the truck and I set it off  
I beat it up and I- huh, wait  
I beat it up and I skrrted off  
I can't remember the last time  
That a young nigga turned the party on  
I can't remember the last time  
That a young nigga turned the party on

Niggas pull up to the function  
And they dissin' me, never heard of y'all  
Niggas always wanting something  
I got money stacked in my overall  
All them niggas gotta back down  
I'm not killing one, I'm killing all of y'all  
If he want beef, stack it up  
Cause a young nigga just tryna ball

I still remember the days  
Up in the coupe switching lanes  
700 in the bank  
Didn't have a lot of friends  
Never wanna go again  
I still feel a lot of pain  
- - in LA  
Got me higher than a plane  
Niggas wanna talk the same  
Niggas switchin, all the same  
Baby wanna get some fame  
Getting with me for the fame  
Only wanna say my name, get my name out your mouth  
Freaky women on the couch, spittin' all up in her mouth  
I put money in the - -  
Old school, time is essence  
I been takin' a lot of medicine  
Take a pill, feel better  
Got a shorty and she heaven sent  
But I found her on the internet  
Schizophrenic with the Benjamins  
I just been counting the Benjamins  
I'll never pull up, so just stay there  
I just pull up and I rock with it  
I been T'd with the government

I been - -  
I will never try to cover it  
I'm tapped in with the elements  
Do it for the team and the bruddanem'  
If I'm running it, I'm runnin' it all  
I'm runnin' it all up  
I'm up on yo' street  
We 50 deep, we shootin' it all up  
All, all, shootin' it all up  
All, all, shootin' it all up, aye
