

Past Love

d4vd

Don't stop running from your past love
You seem so lonely
'Cause I don't wanna break your heart, no
Stay away from me
I just wanna scream and shout
I just wanna scream and shout
From the top of my lungs

Baby, don't worry about
Baby, don't worry about
The swing of my - -

Don't stop running from your past love
You seem so lonely
'Cause I don't wanna break your heart, no
Stay away from me
I just wanna scream and shout
I just wanna scream and shout
From the top of my lungs

Baby, don't worry about
Baby, don't worry about
The swing of my - -
