Run After You

d4vd

And I'll run after you
(And I'll run after you)
And I'll run after you
(Run after you)
(Run after you)

And I'll run after you
Even if you don't want me to
I'll run after you
Run after you
So save your tears
And wipe them off
Wait, I'm here
I'll be right next to you

Every tear you cry
That falls from your eyes
I'll catch them all in my hands
Wipe them off
Wait, I'll be here with my arms
I do not care if you fall
Time moving slowly, we don't have much more
I'll make the most of what we have

And I'll run after you
And I'll run after you
