

## Sleep Well

d4vd

Do you think about me every night  
Before you go to sleep?  
I know you must be terrified  
Of what you might see in your dreams, but

I'm here for you still  
And even if you don't think that I'm near  
I'll still be right next to you, my dear

And the way you make me feel  
Has the power to make the whole world stand still  
Who's to say that our love ain't real?

And I know I'm not the perfect guy  
But I think I'm doing just alright  
It doesn't matter what you thought of me then  
But what you think of me now

We haven't always seen eye to eye  
But right now won't you look at mine?  
Don't be scared, there's no such thing as fear  
When you sleep just know that

I'm here for you still  
And even if you don't think that I'm near  
I'll still be right next to you, my dear

And the way you make me feel  
Has the power to make the whole world stand still  
Who's to say that our love ain't real?
