

## Understand

d4vd

Put your head down, mh  
You don't understand, no  
Cause I just wanna keep you safe more than anything  
We're going home, so keep your head down  
Til we get there  
Cause I know theres people  
That wanna take you from me  
And I won't let them do that, no, baby  
But here we are

Oh, let's live in the moment  
Take my hand for a moment  
(No, oh, no)  
I been tryna get you for so long  
Just to lose you now  
Bae, I can't lose you now  
No, no  
I can't lose you now, mh  
So stop playin around  
The feelings that ain't true  
Oh, no

Cause I thought we had something  
But it's somebody else who could take it all from me  
And I don't want it  
Cause it was never mine  
It was never mine, no  
No, no, no, no
