

Cause I Need Your Love

Da Buzz

Come back to me.

I want you to hold my hand I want you to understand.
Time and space will never ever be the reason why.
In my mind i belive. Will you forgive the things that you
see.
If you leave me now. You always be inside of me.

Cause i need your love.
Baby you'r the one for me.
Can you see i'm always there.
I wanna hold your hand. Baby please come back to me.

So tell me whats the deal. I will risk it all. All for
you.
I hope you will belive the things i try to say to you.
All i dream of is you. Why do i love you like i do.
If you leave me now. You always be inside of me.

Cause i need your love...

You came onto my room and saw.
Saw me there standing all alone.
Please forgive me. My love is true.
It's never to late.

Cause i need your love....
