## **Cause I Need Your Love**

Come back to me.

I want you to hold my hand I want you to understand. Time and space will never ever be the reason why. In my mind i belive. Will you forgive the things that you see. If you leave me now. You always be inside of me. Cause i need your love.

Baby you'r the one for me. Can you see i'm always there. I wanna hold your hand. Baby please come back to me.

So tell me whats the deal. I will risk it all. All for you. I hope you will belive the things i try to say to you. All i dream of is you. Why do i love you like i do. If you leave me now. You always be inside of me.

Cause i need your love ...

You came onto my room and saw. Saw me there standing all alone. Please forgive me. My love is true. It's never to late.

Cause i need your love ....
