

Brand New

Da' T.R.U.T.H.

I don't lose sleep if you don't believe in me
It's all good
He never leaving me
On my way to where I'm supposed to be
It's all good

'Cause I'm feeling brand new
'Cause I'm feeling brand new
'Cause I'm feeling brand new
'Cause I'm feeling brand new

I got trouble all around me
But I won't let it down me
I should never be afraid no
I got angels all around me
I don't medicate
I meditate
Pushing back all the boundaries
We are looking for a better day
Bring it back on the downbeat like
I just keep on smiling 'cause I feel brand new yea
If I do it right it's nothing left to prove (no)
Heaven only knows what I've been going through
I told you we gone get the W

'Cause I'm feeling brand new
'Cause I'm feeling brand new
'Cause I'm feeling brand new
'Cause I'm feeling brand new

I got love all around me
Feel a way when they doubt me
But I just love them with the love of God
And write it down in my diary
I'm a part of something bigger now
This is really not about me
I was gone let me break it down
I was lost but he found me now
I'm a keep on shining that's my attitude yeah
Get back up and fight it if I ever lose
Got a hope inside me that I never lose yeah
I told you he got da W

'Cause I'm feeling brand new
'Cause I'm feeling brand new
'Cause I'm feeling brand new
'Cause I'm feeling brand new
