

# Bully

Da' T.R.U.T.H.

I guess I should be changing with the times  
It's the 21st century  
Feeling like I'm out of my mind  
This is not the way it was meant to be  
Everybody's stepping out of line  
But I heard that eventually  
Everything is gon' burn  
Can I get your attention please?  
I don't need your permission please  
No more Mr. Nice Guy  
I'ma let the tension breathe  
They just want me to pipe down  
I'ma fight in the four walls  
I refuse to bite and just go along  
If I'm bruised with a knife I'ma go hard  
I'm right, you're wrong  
That's a statement that make you bold as a lion  
That's a statement that get you thrown into the lion's, den  
Get you thrown into the frying, pan  
Please forgive us for this defiance  
I'm sorry, we're normally more compliant  
But tonight we setting it on fire

I never thought that you would take it this far  
And everything you've done to try to make me move  
Take a look at my heart and you'll see my scars  
But I won't take this no more  
You will never bully me, no longer  
You will never bully me, no longer  
No matter what you say I'll never runaway  
I will never be kept silent again

Twin brows and a black mask  
"Take the money out the cash drawer"  
I don't care what y'all say  
Can't tell me that it's natural  
Two men that are in love  
Stand up for holy matrimony  
They stand in front of the pastor  
I'm in my zone, they only want me to back up  
I'm sick of walking on eggshells  
All this political correctness  
We call it abomination  
Y'all call it progressive  
Man, we call it evil  
Y'all try to protect it  
Y'all don't want us to judge  
Y'all just want us to shrug and follow y'all's directions  
Y'all don't want us to judge as soon as we don't cosign  
Quick to throw a label on us: "Bigots with a closed mind"  
Well ain't y'all judging us?  
Hold up, talking out of both sides  
If it's, "Live let live," then live, let live  
You go your way, we go ours

I never thought that you would take it this far  
And everything you've done to try to make me move

Take a look at my heart and you'll see my scars  
But I won't take this no more  
I never thought that you would take it this far  
And do the things you've done just to make me move  
Take a look at my heart and you'll see my scars  
But I won't take this no more  
You will never bully me, no longer  
You will never bully me, no longer  
No matter what you say I'll never runaway  
I will never be kept silent again

I'm not being judgmental  
My argument is not with one group in particular  
My argument is with the system  
Yeah Jesus was a friend of the sinner  
But He wasn't a friend of the system  
They wanna tell us that right is wrong and wrong is right  
The moment we try to say something they wanna neutralize us  
I say it's time to stand up and fight
