

## Chasing Ghosts

Da' T.R.U.T.H.

I don't want no crown, no  
It's gone weigh me down  
It's gone weigh me down  
It's gone weigh me  
I don't want no crown, no  
It's gone weigh me down  
It's gone weigh me down...

They tried to rush the album, I told them wait for it  
It's too complicated homey I'm brainstorming  
Umbrellas in the air man da inks pouring  
A band of gorillas swing through the rain forest  
They told me keep posting pics to stay relevant  
Guess I'm addressing the pink elephant  
White lines blades on the glass homey, they chase ghosts  
Night vision I see it all through them yellow tints  
I'm a cross between a millennial and an OG  
The hunger still burning homey in me homey I don't sleep  
Lost boys breaking dawn when the suns low  
Somebody's blood was already drawn I ain't got to grow teeth  
30's the new 20 that's what they say to me  
I'm in my 40's I'm proud and I'm aging gracefully  
Hip hop I knew for sure it was a global phenomenon when  
Subwoofers was banging while I was touring through Ancient Greece  
I never tried to be on it just happened for me  
What does it mean to be on? I hate that category  
Bright lights and tour buses not even half the story  
That's why I feel bad for rappers that's chasing after glory

I don't want no crown, no  
It's gone weigh me down

Yeah

See I grew up on cassette tape's  
I guess I'm just as good as everybody except Drake  
10 years under the microscope they spectate  
Expectations high, that's how they gauge my success rate  
It's been a shift in da paradigm  
This is not a sprint it's a marathon  
It's a shame how the thought of losing steam in your career can make an artist feel terrified  
That's why we need God involved  
Felt like New Year's Eve when I dropped the ball  
Keep the shot close and crop the pic if the crowd is small  
Cause I don't want my peers to think that any ground is lost  
That's why I walked off of social media felt so good that's when my focus started speeding up  
Not having that pressure on me man freed me up  
Because I could get a million likes but it's never going to be enough  
They just did a standing ovation for me  
But these days I just want to talk the creation story  
What's the difference between Gilgamesh and the real flood  
People have such a hard time dealing with faded glory  
Dag

I don't want no crown, no  
It's gone weigh me down

Yeah  
Strong foundation I can't deviate  
Derek Minor told me that I am the Kobe of CHH  
But as long as my eyes on everybody else  
God could be doing great things in me that I won't appreciate  
You run out of breath when you chase things  
That's why am keeping the main thing the main thing  
Cause if the focus ain't vertical and Jesus ain't first  
You will go into a depression when the fame leaves  
Boi, are you not entertained now?  
I promise to God this is not a game now  
Wale said if I don't get the fans that I'm looking for  
I'm gonna pull the trigger and blow my brains out  
Celebrity life is so glorified  
Pictures with entertainers, high profile  
But if all of that really meant anything  
Then tell me why Robin Williams would hang himself from a door knob  
Boi, four reality show offers, I turned them down  
Calls to do major collabs, I turned them down  
Not that I'll never do it, just don't want to blur the lines  
Nobody chasing ghosts homie I'm on the job  
Nobody chasing crowns boi I'm on the job

I don't want no crown, no  
It's gone weigh me down  
It's gone weigh me down  
It's gone weigh me  
I don't want no crown, no  
It's gone weigh me down  
It's gone weigh me down  
It's gone weigh me down

It's gone weigh me down, yeah  
It's gone weigh me down...
