

Trumpet Blow

Da' T.R.U.T.H.

Yea Yea Yea Yea Yup
Here we go ya'll

He came from heaven to earth. Earth to the grave
Grave to the sky. He waved a goodbye
From the mount of olives They gazed in the sky
Endowed with power so when their facing their trials
They would not cower Not faint
Not bow Or about face
Be His mouth piece even when under attack
And do outreach cause Jesus is coming ba back

Yea you see dat lightning flash you hear that thunder roll
Can't wait till Christ is back this song should comfort those.
Who walk the righteous path, who had a love for those the saints in christ r
elax
When dat Trumpet blows. When dat Trumpet blows yea. When dat Trumpet blows.
When dat Trumpet blows, yea when when dat trumpet blows.
When dat Trumpet blows yea. When dat Trumpet blows.
The Saints in Christ relax Yea when dat trumpet blows.

First is the visitation can't be cavalier then it's the tribulation trouble
and despair.
Don't underestimate this there's several layers.
The great tribulation goes on for 7 years. The first half is cool.
Prophetic cheers. The second half is cruel. Sadness and tears.
Armageddon man all of heaven is gathered there.
Christ on His white horse and His battle gear.
Against the anti-
christ hes an imposter fresh on the scene to seize and to prosper.
Then he'll turn his back confine to the peace of the prophet.
Satan is chained by the Angels with key that'll Lock-It.
Yea everything'll change peace in every burrow. The final link of chain.
In pristine apparel. You the King'll reign. And take over the world like Pin
ky and the Brain.

Yea you see dat lightning flash you hurr that thunder roll
Can't wait till Christ is back this song should comfort those.
Who walk the righteous path, who had a love for the saints in christ relax
When dat Trumpet blows. When dat Trumpet blows yea. When dat Trumpet blows.
When dat Trumpet blows, yea when when dat trumpet blows.
When dat Trumpet blows yea. When dat Trumpet blows.
The Saints in Christ relax Yea when dat trumpet blows.

He'll rule for a thousand years rule the entire sphere. He can do it alone r
ule
Solitaire. But instead of Christ to pull on the fathers heirs. We'll help li
ke
A group like volunteers. Yea to forward his will and keep it at the center l
ike
Boozer and Dalember. Yea since the curse has been removed the anti-
christ is
Being few and the feud is outta here. For a thousand years, what a pivotal
Stage everything will fall under his visible reign. No flaws No flaws on our
Physical frames everything will be back to original state. Peace will prevail
l
Between man and God, between man and beast. Until Abaddon will bring dark to

The light like a tanning salon. And try to overthrow Christ one last time.

But he will not win, no he will lose,
Christ will drop him then he'll reboot.
The heavens n the earth everythings new.
The cities walls and gold streets will be see-thru.
A tree of healing for the nations,
We will eat the fruit.
No sun no stars in the green room.
Just the glory of God and his people.
No pain no sorrow no evil.
No death no tomorrow no predude.
No shame. No water. No seas blue.

Dear Lord I don't know when I'm see you, but I can't wait and I pray that it
ll be soon!
